**Re: Required Submission of Information
Metro Container Site, Trainer, Pennsylvania**

Dear Madam/Sir:

The U.S. Environmental Protection Agency ("EPA") is seeking information concerning a release, or threat of release, of hazardous substances, pollutants, or contaminants at the Metro Container Corporation Site located in Trainer, Pennsylvania (hereinafter, "the Site").

The Site includes property located at or near 2nd and Price Streets in Trainer, Pennsylvania which was used by the Metro Container Corporation and others for drum recycling and reclamation activities through approximately 1990 ("Metro Property"), as well as other locations where wastes associated with operations at the Metro Property have come to be located. In the 1980s EPA conducted an investigation at the Metro Property and oversaw performance of a response action which included the removal and off-Site disposal of thousands of drums from the Metro Property. Analyses of samples taken at and near the Metro Property in 2005, 2007, and 2010 reveal the presence of volatile organic compounds ("VOCs"), polychlorinated biphenyl's ("PCBs"), polycyclic aromatic hydrocarbons ("PAHs"), and metals in soils and groundwater.

Based on records available from the operation of the Metro Property, and your responses to EPA's 104(e) Information Request Letter sent in April 1988, EPA believes that you sent drums to the Site for reconditioning. The purpose of this letter is to obtain certain additional information from Lightman Drum Company (hereinafter "you") in connection with the Site and your operations. The specific information required is attached to this letter as Enclosure E.

Pursuant to the authority of Section 104(e) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended ("CERCLA"), 42 U.S.C. § 9604(e), EPA has the authority to require you to furnish all information and documents in your possession, custody or control, or in the possession, custody or control of any of your employees or agents, which concern, refer, or relate to hazardous substances as defined by Section 101(14) of CERCLA, 42 U.S.C. Section 9601(33), which were transported to, stored, treated, or disposed of at the above referenced Site and which concern your ability to pay EPA's costs in cleaning up the Site.

Section 104 of CERCLA authorizes EPA to pursue penalties for failure to comply with that section or for failure to respond adequately to required submissions of information. In addition, providing false, fictitious, or fraudulent statements or representations may subject you to criminal penalties under 18 U.S.C. § 1001. The information you provide may be used by EPA in administrative, civil, or criminal proceedings.

You must respond in writing to this required submission of information within **forty-five (45) calendar days** of your receipt of this letter. The response must be signed by an appropriately authorized corporate official. If, for any reason, you do not provide all information responsive to this letter, then in your answer to EPA you must: (1) describe specifically what was not provided, and (2) provide to EPA an appropriate reason why the information was not provided.

All documents and information should be sent to:

Kenneth I. Rose, III, Financial Analyst (3HS62)
U.S. Environmental Protection Agency, Region III

Philadelphia, PA 19103-2029

This required submission of information is not subject to the approval requirements of the Paperwork Reduction Act of 1980, 44 U.S.C. Section 3501, et seq.
